Having been to Rome prior to picking up this book, I wasn't certain as to how much its Top 10 lists would help me on my return trip to Italy. I must say I was very pleasantly surprised to learn that not only did the book refresh my memory as to some of the most beautiful and fascinating places in the city, but more importantly it took me into the heart of Rome--really covering locations details that in my mind bridge the first-time visitor with someone who has been several times. It is quite evident that Whiting not only knows Rome, but knows what it's like to want to discover the city the right way: armed with informed lists and suggestions that still leave plenty of room for the actual discovery itself!

By V. Hearn-Whiting
Congratulations to Whiting for writing a comprehensive guide to Rome that is compact, easy to read, and shares all her vast knowledge of the city. Since I visit Rome on occasion I grabbed a copy of this guide as soon as it hit the market, and I haven't been disappointed. Whiting has touched on virtually every facet associated with the eternal city and has used a format that is easy to follow and acquaints even the novice with the most important information. What a treasure of a guide, and I highly recommend it not only to the novice, but to the seasoned traveler as well. Whiting has hit all the highlights....and more!

By Traveller
do not confuse it with the Eyewitness top 10 travel guide for Rome, which is a much better book, has way better maps and is cheaper, in color, with better paper.... this one is like something you'd pick for free at a train station and 80% of the information in it is totally useless for a tourist. I ordered it by mistake and have no use for it.

From the Publisher
From its legendary beginnings almost three thousand years ago, Rome grew to rule a vast empire. Today, it remains one of the greatest cities of the world. Powerful, dynamic, pulsating with life and history, Rome has been the inspiration of artists and writers for centuries. Here, the visitor is transported back in time and place to the days of emperors, gladiators and empire-building visionaries. Rome is a city where history is juxtaposed with modern design and innovation, where movie stars and housewives shop side by side in the ancient markets. There is more to see and do in just a few blocks of Rome than in most other leading cities of the world combined. What a disappointment it would be to visit Rome and not experience the very best the city has to offer. THE TOP 10 GUIDE TO ROME is designed to help you experience the very best of Rome: the best restaurants, the best museums, the best sights and the best entertainment. THE TOP 10 GUIDE TO ROME is the only guide you will need. Turn the pages and let it lead you through the best of classic and contemporary Rome. There is so much to Rome that you can get overwhelmed and miss some of the city's outstanding high points. Sharri Whiting makes sure you experience the city's crown jewels: the great museums, the dramatic panoramas, the romantic restaurants, and some of the world's most famous works of art. Whether you are visiting for a few days or a few weeks, on a business trip or a once-in-a-lifetime vacation, THE TOP 10 GUIDE TO ROME lets you focus on the best of everything so that your Rome experience is a rich and rewarding one.
About the Author
Sharri Whiting divides her time between Rome and Umbria in Italy and Boston, Ma. Few know Rome as well as Sharri. She has navigated the chaos of the Rome's wild traffic in her tiny Fiat 500 while reading maps, changing gears, and avoiding darting pedestrians, mad taxi drivers and modern gladiators in four-wheeled chariots; and she has walked the hidden quiet streets of the ancient city, studying the indelible marks of over three thousand years of history. She has shopped, dined and experienced the best of Rome. Now she brings the Rome she knows so well to you. Whiting is married to an Italian diplomat (and a Roman), Piero DeMasi, under whose guidance she began to know Rome intimately. A former president of the American Women's Association of Rome, Whiting writes about Italy for newspapers, magazines and e-zines, and is a guest lecturer at the American University of Rome. Her knowledge of the city gives readers inside information about Rome and the Romans.
