1 of 1 people found the following review helpful. buy paper not KindleBy Christina MeyerThe resource is great. I bought it on Kindle, which I do not recommend. The maps are easier to use in paper form and bookmarking and returning to a spot is hard on a Kindle.The book itself is great. It doesn't target the budget traveller. Sunday's most public sights are free in Lisbon and many places have off season and regular season pricing....The tips are accurate. Sunset Destination Hostel has some great events for a good price if you are looking for youthful Lisbon.0 of 0 people found the following review helpful. I love the format of the DK Top 10 seriesBy Hilary T.I purchased a former library book, and so it is lightly used. I was impressed that it even came with the supplementary map! The book arrived on time. I love the format of the DK Top 10 series, with its quick overview to give an idea of what there is to do and see in a city. Pair this with a more in depth book for excellent trip research!2 of 2 people found the following review helpful. Some travel guides are unwieldy and give more information that I really want.
