It is cleverly organized by listing the top ten things to do in each area such as beaches, historic sites, shopping, dining etc. It also lists the ten best things to do in each of the popular tourist locations such as Palma or Alcudia. This makes it easy to always find something to do as you can either pick by interest or location.However the book also have a few shortcomings. It does not give detailed openings times for museums (such as days when they might close early) and at times it's information regarding a tourist spot is too brief causing you not to know what to expect.Having said this it's still the best book on Mallorca I have found and I can highly recommend it.0 of 0 people found the following review helpful. Pass on this bookBy AnonymousWay too small to read! Get a Lonely Planet and do not base your trip off this book. The only good things were the pull out map.0 of 0 people found the following review helpful. Four StarsBy Tracy BLove these books, perfect for summarizing the best places to visit.
