Alastair Scott : Top 10 Scotland (Eyewitness Top 10 Travel Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Top 10 Scotland (Eyewitness Top 10 Travel Guides):

38 of 38 people found the following review helpful. Scotland, Fast and Furious...By HMS WarspiteFor the modern, digital-age traveler unwilling to plow through a few hundred pages of traditional narrative in a travel guide, the "Eyewitness Travel Top 10 Scotland" might be just the thing. In only 160 pages plus some handy foldout maps, this pocket-sized guide cuts to the very best Scotland has to offer in a format loaded with pictures, graphics, minimal text, and plenty of websites for further research. "Top Ten Scotland" is somewhat derivative of the longer and more detailed "DK Eyewitness Scotland Guide", but with its own unique format. For the first-time visitor and the general traveler, the guide offers the ten best things to see in all of Scotland, then drills down on some top ten lists by region and category. Among the categories: castles, gardens, fishing spots, golf courses, distilleries, Highland traditions, attractions for children, restaurants, and some best kept secrets. Other categories include best museums, best long distance walking routes, and best Munro's (mountains) for climbing. "Top Ten Scotland" includes some practical travel information on when and how to go to Scotland, and how to get around once you get there. The guide itself is nicely organized and indexed, profusely illustrated and easily portable. "Top Ten Scotland" is very highly recommended as a minimalist but surprisingly complete guide for the traveler who prefers his or her information "fast and furious."2 of 2 people found the following review helpful. this particular book is set up for all the "popular touristy spots" so if you are like I amBy DJHThis book is packed with alot of information in a small carry in your purse space. I paired it with the DK Scotland book, and have now purchased a few history books to get my trip lined out for next spring/summer. I will say, this particular book is set up for all the "popular touristy spots" so if you are like I am, and are wanting to experience the true culture of the country, get a few other books, and go off the "beaten track" this book suggests you stay on. Bonus: this book has a lot of tid bit info of dos and donts, holidays you may not want to be there due to closings of businesses, and other great travel info.2 of 2 people found the following review helpful. TOP 10 IS IN THE TOP 10By Anita D.I like the fold-out maps at the front and back. I purchased it because I know it's going to not only focus on the "top 10", but also more details on these and other points of interest in a succinct way. I also enjoy the "best kept secrets" section...although if it's in a travel book like this, I'm not sure they are secrets.

DK Eyewitness Top 10 Guides make any destination accessible by offering dozens of lists of the 10 best restaurants, bars, neighborhoods, hotels, local attractions, and much more. With insider tips for every visitor, the Top 10 series offers inside knowledge, and now contains a pull-out map and guide that includes fold-out maps of city metro systems, useful phone numbers, and 60 great ideas on how to spend your day.

Wanderlust Travel Awards 2009– 2014 "This [DK Eyewitness Travel: Top 10] might be the best traveling companion to throw in your pack. It's a slim and sleek overview... loaded with practical and useful content." – Gadling.com
"Known... for its four-color maps, photos and illustrations, the [DK] Eyewitness Guides are extremely user-friendly for travelers who want their information delivered in a concise, visual way." – Chicago Tribune "The best option... Color photos, maps, and diagrams bring the place to life." – The Philadelphia Inquirer
